### Application:

**BIO-CHEM clean@work** can be heated up to 90 °C. This shortens the cleaning time and facilitates the removal of stubborn and tough dirt.

**BIO-CHEM clean@work** contains special foam-reduced tensides and apart from manual cleaning can be used with floor cleaning machines, jet cleaning, spray cleaning machines, hotwater-parts-washing-machines.

## Facts

Article-No.	Description
A00189	1000 mL Trigger-Sprayer (bottle)
A01089	10 L jerrican
A03089	30 L jerrican
A20089	200 L drum
A10089	1000 L IBC container

## Facts

### Accessories

H10001	Industrial pump sprayer 1,5 L
H00003	tap for 10 L jerrican
H00004	tap for 30 L jerrican
H00015	tap for 200 L drum

*Economical refilling of trigger-sprayer by pouring the cleaner from a jerrican equipped with tap.*
